

North American Missionary's Covenant
MA/RI District

I, _____, commit myself to work in full cooperation with the District Board and the District North American Missions Board. I will exercise Christian respect for my fellow ministers, understanding that the same God who called me into His service also called them. By honoring my brethren, I am honoring my God.

I will not accept members from another congregation without first communicating with their present pastor and listening to all he may want to tell me about their condition and status. If there is a possibility of contention between us because of the members' desire to transfer, I will involve my Presbyter or my Sectional N.A.M. representative in the discussion.

I will not seek to advance my own personal mission of building a church at the expense of other pastors and congregations.

I will cooperate with the District financial plan, sending in my monthly assessments in a timely manner.

I will preach and teach a message in keeping with the Articles of faith of the United Pentecostal Church, Int'l, and will strive to live in a fashion true to Biblical holiness guidelines.

I come to the MA/RI District with the personal assurance that the Lord has called me to labor here. I understand the work may not unfold as I have imagined. However, since it is He who has called me, and since it is Him to whom I answer, I will not leave until He has released me from this assignment.
